---

Great for amount of bars. You can buy 1 super cool skin, 1 cool skin and a meh on, or 3 meh skins, or 1-2 meh characters. Unfortunatly there are no more free giveaways from razer like the comments say so yeah.. If you want platinum bars, start with this platinum bar pack.. Its good! Lol  
:3. Very cheap way to get some platinum for new skins!. a good starter pack and nice value for newbz. \u00a31:20 cheaper then the one ingame!

I highly recommend this if you want to buy some new goodies in Block N Load!

Only downside is that you can only buy this once.

---

A must have for all bnl players ;). Good deal, but thumbs down because you sleazed your way into getting me to download Razer Comms.

There is no free code.. you can only buy once but its worth it to get a new character or something. I recommend this, cause you can buy skins or hero. But you can purchase hero with in-game gold. If you don`t have the gold just keep playing. i recommend this only for skins.
